1.7 RM, 2900 HU

Standability

White mould tolerance

Phytophthora field tolerance

Tall plant height

Top-end yield

### Agronomy characteristics

|                    |             |
|--------------------|-------------|
| Plant Height       | Tall        |
| Canopy Type        | Medium-Thin |
| Standability       | AA          |
| Maturity           | 1.7 RM      |
| Emergence          | A           |
| Row Width (inches) | 7-30        |
| Soil Type          | All         |

### Disease characteristics

|                     |                |
|---------------------|----------------|
| SCN Resistance      | Yes (PI 88788) |
| White Mould         | AA             |
| PRR Field Tolerance | AA             |
| PRR gene            | Rps 3a         |
| SDS tolerance       | A              |

**Rating Scale:** 1-2 excellent (E), 3-4 very good (VG),  
5-6 good (G), 7-8 fair (F), 9 poor (P)

**Definitions:** AA= Above Average, A = Average,  
NP = Needs Placement (Avoid placing on acres  
where field has a history of challenges with the  
assigned trait or manage accordingly)

**Bayer is a member of Excellence Through Stewardship® (ETS).** Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. These products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from these products can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for these products. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

**ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.** It is a violation of federal law to use any pesticide product other than in accordance with its labeling. NOT ALL formulations of dicamba or glyphosate are approved for in-crop use with products with Roundup Ready 2 Xtend® soybeans. ONLY USE FORMULATIONS THAT ARE SPECIFICALLY LABELED AND APPROVED FOR SUCH USES. Contact the Pest Management Regulatory Agency with any questions about the approval status of dicamba herbicide products for in-crop use with Roundup Ready 2 Xtend® soybeans or products with XtendFlex® Technology.

**Roundup Ready 2 Xtend® soybeans contains genes that confer tolerance to glyphosate and dicamba.** Plants that are not tolerant to **glyphosate** may be damaged or killed if exposed to those herbicides. Plants that are not tolerant to **dicamba** may be damaged or killed if exposed to those herbicides. Contact your Bayer retailer, refer to the Bayer Technology Use Guide, or call the technical support line at 1-888-283-6847 for recommended Roundup Ready® Xtend Crop System weed control programs.
