OAC Equilibrium

June 2026

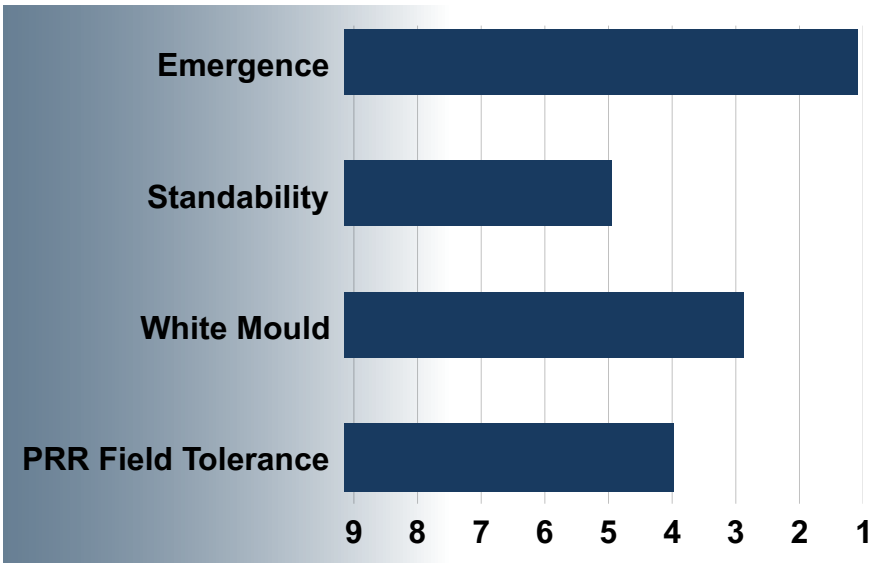

Variety Fit:

Impressive emergence with robust plant type for variable acres where plant height is needed. OAC Equilibrium is a large-seeded yellow hilum with high protein.

Image: Woodstock, ON, Sept. 2025

- 1.6 RM, 2950 HU
- Emergence
- Large plant type
- Phytophthora field tolerance
- SDS tolerance
- Large seeded

Rating Scale: 1-2 excellent (E), 3-4 very good (VG), 5-6 good (G), 7-8 fair (F), 9 poor (P)

Definitions: AA = Above Average, A = Average, NP = Needs Placement (avoid placing on acres where field has a history of challenges with the assigned trait or manage accordingly)

Agronomy Characteristics

Plant Height	Medium-Tall
Canopy Type	Bush
Standability	NP
Maturity	1.6 RM
Emergence	AA
Row Width (inches)	7-30
Soil Type	All

Disease Characteristics

SCN Resistance	PI 88788
White Mould	A
PRR Field Tolerance	A
PRR Gene	N/A
SDS Tolerance	AA
