

OAC Valor

June 2026

Variety Fit:

Exciting food-grade variety with broad adaptation across soil types. OAC Valor is a very tall plant with impressive ability to hold height on tougher acres while also standing on highly productive acres.

- SDS, Aug. 29, 2025

2.2 RM, 3100 HU

Emergence

Tall plant

Standability

SDS tolerance

PRR field tolerance

Rating Scale: 1-2 excellent (E), 3-4 very good (VG), 5-6 good (G), 7-8 fair (F), 9 poor (P)

Definitions: AA = Above Average, A = Average, NP = Needs Placement (avoid placing on acres where field has a history of challenges with the assigned trait or manage accordingly)

Agronomy Characteristics

Plant Height	Tall
Canopy Type	Medium
Standability	A
Maturity	2.2 RM
Emergence	AA
Row Width (inches)	7-30
Soil Type	All

Disease Characteristics

SCN Resistance	PI 88788
White Mould	A
PRR Field Tolerance	A
PRR Gene	N/A
SDS Tolerance	AA
